Parks Board Commissioners
2099 Beach Avenue
Vancouver, B.C. V6G 1Z4

Dear Parks Board Commissioners:

RE: Queen Elizabeth Park Tower

The Dunbar Residents' Association would like to register a strong protest at the observation tower proposed for Queen Elizabeth Park and at this Parks Board's continuing willingness to entertain applications for the inappropriate development of public park space.

Park space provides a valuable natural resource for those who live in an increasingly dense and polluted urban environment. To contemplate allowing structures such as a 60m tower on public land for private profit puts in question the ability of the present commissioners to act as stewards for our much cherished city parks.

Please fulfil your responsibility as elected officials to preserve and protect the integrity of Vancouver's parks.

Yours truly,

Susan Chapman
Co-President
